## Customer Reviews

Let's be honest, graffiti has it's flow and you will find your own style. I am already "efficient" in the art of graffiti, however I purchased this to experiment with letter styling on paper. I appreciate the way they have broken things down and it has some very useful tips. Although I'm using it to go from airbrush and spray paint to pen and paper, I do feel it would be useful for beginners who would like to practice on paper to find their style.

First excuse for my bad English. After reading several books on Graffiti, this is the book, explaining in detail how to write their letters, how to turn your signature on a tag and so on. Worth buying.

I'm a master barber in Minneapolis Minnesota. Wanting to create more hair graphics I ordered two books this one and Scape Martinez Graff: the art and technique of graffiti. This review is for Graffiti Diplomacy's Complete Guide to Graff Letters and design!!+Modeled like a first grade graffiti writing book for beginners+very thorough examples of letters with full alphabets for practice+accents and

flourishes tutorial+breaks down techniques into recipes+examples of complete tags with step by step instructions.Overall it pretends you know nothing about the subject then guides you over every bump and groove to say you too can produce masterpieces. Thanks Graffiti Diplomacy

I love this book, because it is so easy to follow I don't have to be an artist in school it lets me learn at my own pace great book easy to read easy to follow easy to understand step by step instructions.. perfect for the beginner or an artist

I am so stoked about this book! Easy to read! It's exactly what I was looking for! You guys should check out their website, too. Lots of helpful tips on there as well. Thank Graffiti Diplomacy for making this book.

Using these techniques in Photoshop and liking the results. Instructions remind me of learn calligraphy books.

This book has secret's that not even the pro's know I think, instantly the best step to being the best writer possible. Can't put a price on this book. My letter's are now coming out perfect. Thank you [graffitidiplomacy.com](http://graffitidiplomacy.com)

well written well illustrated my daughter really likes it I would recommend
