# Heartbreak & Triumph: The Shawn Michaels Story (WWE)

## Synopsis

World Wrestling Entertainment fans think they know "The Heartbreak Kid." He's "The Showstopper" who pushes his high-flying abilities to the limit in the squared circle, on ladders, and in steel cages. He's the company's first "Grand Slam" champion. And of course, he's forever the guy who conspired with WWE Chairman Vince McMahon to screw Bret "Hitman" Hart out of the WWE Championship in Montreal at Survivor Series on November 9, 1997. But that's the side "HBK" has allowed you to see...until now. > introduces us to Michael Shawn Hickenbottom, the youngest of four children whose "really conservative upbringing" made him shy and "afraid that people wouldn't like me if I showed who I really was." But upon discovering Southwest Championship Wrestling (SWCW) on TV one Saturday night, the preteen Hickenbottom realized instantly what he wanted to become, and later would convince his fatherâ "a colonel in the U.S. Air Forceâ "to let him pursue his dream. From there, Hickenbottom fully recounts the events that led to "Shawn Michaels's" tutelage under Mexican wrestler Jose Lothario; working matches at Mid-South Wrestling under the guidance of Terry Taylor and the Rock 'n' Roll Express's Robert Gibson & Ricky Morton; flying high with Marty Jannetty as "The Midnight Rockers" in the American Wrestling Association (AWA); and how a barroom confrontation in Buffalo almost prevented the tandem from ever joining the World Wrestling Federation. While reliving the crippling back injury that forced him to retire in his prime, Michaels credits the new loves in his lifeâ "his second wife Rebecca, his children, and his newfound faithâ "with giving him the strength to kick his habit, recover physically, and make a jubilant return to the ring at SummerSlam 2002. Now back on top and doing what he enjoys most, the WWE Superstar regards > as the perfect means "to review my life, and attempt to figure out how I became the person I am."

## Book Information

File Size: 11464 KB

Print Length: 352 pages

Publisher: World Wrestling Entertainment (May 8, 2010)

Publication Date: May 11, 2010

## Customer Reviews

I bought this book on the notion that it would be an entertaining read and a great look at a mans career, of which Shawn has had a great one. In all honesty I thought he realised it a little early, especially since he has fought Hogan and Vince since, and I would have loved to have heard his thoughts on this, especially on the backstage issues involving the Hogan work. Since Have a Nice Day is my favourite autobiography, Ive pretty much set it as the template of which a wrestling bio should be set so I'll probably be refering to it a few times in the review. Firstly, I want to point out. Am I a Shawn Michaels fan? No! Do I respect his work? Yes, very much. Its impossible not too. The man goes out and puts on a show every times hes in the ring, heck, the guy wrestled with a broken back just to get Steve Austin over. That demands respect. The book itself, begins telling tales of Shawns youth, and provide some very funny and humours tales, about his mother, his brother, school friends and his temper. While he doesnt go into huge detail like Mick Foley did, he paints a very interesting picture and its enjoyable to read about how he got into wrestling and his training. Again though, he doesnt go into as deep as Mick did in his book which hurts a little because you dont learn about the emotional and physical pain he goes through. More like 'he was great and gifted and he would do well'. Once he gets through his early years and into his times with Marty and being the Rockers, the book goes down hill a little for me. Instead of offering funny stories, of which there could be many, he spends to much time in the book making himself look like the innocent victum, how he was always in the wrong place at the wrong time, how everyone hated him and no one understood him.

"The Heartbreak Kid" Shawn Michaels, in recent years, has made his way to the top of my favorite pro wrestling character list. That rise is due to a little bias on my part, stemming from my respect of his courageously public profession of his faith. The fact remains, though, that very few people have contributed to and made an impact upon pro wrestling the way Shawn has. Whether you love him,

or love to hate him, you know his name. That, plainly and simply, is what matters in the business. This autobiography didn't crack through the bestseller list like his associates Mick Foley and "Stone Cold" Steve Austin, and that's mostly because Foley started the whole wrestler autobiography trend. Then, it was innovative. Today, it seems that every WWE superstar wants to tell his story, and to most fans it's become little more than a gimmick; another way for WWE to generate revenue and the wrestler to score some more royalties. That doesn't seem to be the case here. Michael Shawn Hickenbottom spins a true-life yarn of his life, and it's wholesome, simple, and easy to read. There's nothing fancy about Shawn's writing style; by no means is he a "master" storyteller like Foley, who has gone on to write children's books. His paragraphs flow along like a lazy stream, but the stream's current increases just when it needs to, capturing readers and taking them on the occasional run down a tumultuous rapid. The simple style delivers, and the way Shawn tells his story puts you in his hotel room, locker room, parents' house, bar, or wherever he happens to be at the time. Everything you ever wanted or felt you needed to know about Michaels is revealed in this book.
