Border Break Artworks

Synopsis

A staple of the Japanese arcade game scene, Border Break features heavy-duty mechs fighting for victory in all-out, robotic-battle action! Now, the outstanding mecha designs of this unique video game series are collected in one detailed art book. Included are technical drawings, rough concepts, character art, creator commentary, mech profiles, and more! No true mecha fan would dare miss Border Break Artworks!

Customer Reviews

Considering, its not a well known thing in Europe, the quality is good.If you love mecha its the book for you.I personally expected a full illustration artwork book, instead of technical drawings, but truned out i like them, and started drawing from them. (helps my 3d object understanding).A good point, that even charecter designs are present. Dont expect much, its not some Marta Nael , Lux or smt...but its still good.

Beauty of a book filled with stunning images of all types of mechas! Artists who want to draw these things and just plain robo fans will really dig this thing! Super cool!

Great book if you love mecha!

Really nice artwork. Deep detail and good thinking how mechas should be made.
