## Customer Reviews

I have been playing my cello at church for several years. I have mostly played hymns and I was looking for a book that had some of the more popular contemporary songs. This book satisfies that criteria! It has several very popular songs, many of which are performed by Chris Tomlin. The songs are at a fairly easy level but rich enough to be interesting. The background accompaniment is very good as well. I just performed two of the songs this past week at my service.

This music book is just what I was looking for. The songs are all my favorites! The arrangements are good. The print is easy to read. I am a beginning to intermediate cello student and this book is

perfectly suited to my skill level. I only wish the words had been included. I hope the maker will put together more books like this one with other top contemporary Christian music soon!

Love it! As a fresh beginner cello player it helped to play along with familiar songs.

Great for enjoyable playing
