The Good Life

Synopsis

Sharing from his own life, as well as the stories of others, Chuck Colson exposes the counterfeits of the good life and leads readers to the only true source of meaning and purpose, Jesus Christ. But he does that in an unusual way, allowing powerful stories to illustrate how people have lived out their beliefs in ways that either satisfy or leave them empty. Colson addresses seekers—people looking for the truth. He shows through stories that the truth is knowable and that the truly good life is one that lives within the truth. Through the book, readers get to understand their own stories and find answers to their own search for meaning, purpose, and truth.

Customer Reviews

Thirty five years ago a White House cover-up shook the nation. In the midst of the national controversy were the individual lives that would never be the same. One of those lives is that of Charles Colson. After serving time in prison for releasing confidential FBI information, Colson underwent a transformation, a conversion. He told about his conversion in his popular book *Born Again*. More than three decades later he's telling his story again, but from a more developed perspective, in his recent book, *The Good Life*. *The Good Life* isn't completely about Charles Colson. In fact, his is just one of many stories the authors share to explore the issues of purpose, meaning, and truth in this life. Reflections are offered on men who "had it all," such as L. Dennis Kozlowski (former CEO of Tyco International), as well as people who endured devastating pain and suffering, such as Nien Cheng (a woman who suffered under Communist rule in China). Each of the stories

told sheds some light on what "the good life" truly is. Along the way, pieces are placed together in the puzzle. Colson and Hackett make the case that self-sacrifice in serving others is an essential element. So to, they claim, is a well-founded worldview that holds truth as valuable and morality as objective. Ultimately, "the good life" comes from complete surrender to Jesus Christ- embracing who He is and what He wants to do with our lives. I thoroughly enjoyed The Good Life. The stories were artfully told in a manner that drew suspense at times and thoughtfulness at others. Powerful points are made by the use of these narratives in conjunction with the clear thinking of a seasoned apologist.
