Customer Reviews

This brief, 42-page booklet is a good introduction to becoming a supplier in 's Fulfillment By program. There are a few typos, but none too serious, so I haven't marked down for that. I read this in less than 90 minutes and will read again at some future date. I appreciate the author's writing

style. It is short, snappy, and enthusiastic. Unlike some other writers, he does not promise the moon. I appreciate that. What does concern me, however, is the lack of specific hands-on experience or case studies that I can decipher to determine the possibilities inherent in this intriguing program. I also could not discern if the writer has any personal experience in the program, or if he is simply writing based on a limited understanding of the FBA merchandising. This could be of critical importance and might explain the lack of specificity. Because of those points, I nearly lowered my star rating to three stars. But, since it does not promise to show me step-by-step, I am giving the benefit of the doubt to the author - four stars out of five. I do hope the writer will follow-up with more detailed information. Comments regarding your opinion of this book or of my review, whether favorable or unfavorable, are always welcome. If you buy the book based on my review and become disappointed, especially, I do want to know that and I want to understand how I can improve as a book reviewer. Just please be polite.

The author has provided a amazing guide book on fba that could be the best source or a platform of giving you ways of earning more and more money. The author has given step by step strategies to be followed for earning money easily through this platform. This guide book is written in a vivid way that is easy to comprehend. I do recommend this book to all!

This is one good business strategy for beginners like me. I want to start a small business and I think I wil consider FBA. I never heard of FBA before, then a friend recommended to read this book first. I think this book has everything I need to know. It is very comprehensive and very detailed. I like that the author made every steps easy to follow. I like the details from starting the business down to delivery to the customer. I think this book is a great help especially for those who needs boost in their sales and really looking for passive income

Great beginners guide to learning the business. As a beginner there are a lot of pitfalls when it comes to building a business and why not learn from the mistakes of people higher than us. You will learn everything from how to start your own private labeling product, how to market and sell your products effectively, how to manage and ship products effectively, and etc. the lists goes on. This will teach you the fundamentals, along with the mistakes to avoid which may boost you to be very successful early on in your business. Good read.

Good book for all! After reading this book, you will be learn about fba. I think this book has

everything I need to know. It is very comprehensive and very detailed. I like that the author made every steps easy to follow. This guide book is written in a vivid way that is easy to comprehend. You will learn everything from how to start your own private labeling product, how to market and sell your products effectively, how to manage and ship products effectively, and etc. Also he will give you some tips for selling on and how you can be an FBA seller. I highly recommended for it!

I was really interested in learning more about this FBA option and I found this book. It is really well explained, clear and easy to read. The author will explain you what is FBA, how it works and the benefits that you will have for it. Also he will give you some tips for selling on and how you can be an FBA seller. So if you are interested in this like me, this is the idea book. You will learn a lot and you will enjoy it. Totally recommended.

This has been an educational book about FBA and how one will be able to make use of his knowledge in order to make money. I find this book complete with the needed info on how anyone can start his endeavor and start selling on . The discussions on the topics have been clear too. I was able to have a bigger picture of how fulfillment by is being done and the overall procedures. I think that this book is a good reading reference material that anyone pursuing this undertaking must read.

I got this as purely a research, perhaps I may try this in latter time. This step-by-step guide will show you how to free up your time and earn a real living through , even if youâ™ve never sold anything online before. If you want to work harder and smarter, and build a business that will give you more free time and the income to live the life you want, this is a good shot for you.
