Customer Reviews

Not particularly informative. Grammatically disastrous. Some of the information was interesting but probably not that useful, as the writing highlights specific institutional procedure versus broad advice.

Very good, direct information on the process of entering and surviving the federal prison system. If you are unfortunately facing the prospect of Federal prison, this book should be on your reading list.

Very well written. For one who knows nothing about the prison system, this book gives you a real look inside. I will encourage everyone of my clients and colleagues to read this book

For someone with no prison experience but curious because I have a loved one in Fed prison, this was insightful. Very quick and easy read

a bit too shallow would want to see more faq's but i guess for a buck its fine
