Hillary The Other Woman

Synopsis

You think you know Hillary and Bill Clinton pretty well. After all, they have been in the public eye from Arkansas to the White House and beyond for over forty years. Dolly Kyle met former president Clinton (Billy as she calls him) on a Hot Springs golf course when she was eleven and he was almost thirteen. It was colpo de fulmine (the thunderbolt) at first sight. Their friendship grew throughout high school and college. It became a decades-long affair that lasted despite marriages and politics all the way to the threshold of the White House when she became a political liability, and he threatened to destroy her, as Hillary had done to so many of his other women over the years. What you know about the Clintons is probably limited to the pleasantries that the mainstream media have chosen to share with you. Hillary the Other Woman pulls no punches in describing the way media magic makes Clinton stories disappear. Have you heard about The RICO (Racketeering Influenced and Corrupt Organizations) federal lawsuit that Kyle filed against Clinton and cronies while he and co-president Hillary were in the White House? The racial discrimination lawsuits filed by African-Americans against Clinton as governor of Arkansas? Clinton's orders for the Arkansas State Police to stop and search vehicles driven by Hispanics? Thousands of young African-American men given long prison sentences under the three strikes laws pushed by co-presidents Bill and Hillary? The co-president Clintons pandering to minorities with a subtle form of race baiting with their welfare agenda? The racist names they call Jesse Jackson behind his back? Hillary the Other Woman is not only about the politics of the Arkansas gubernatorial years and the famous two for the price of one presidency. It also provides a perspective on Arkansas life that formed the backdrop and training ground for the Clintons in their later crimes, their gangster-like threats and intimidation of political enemies, and their arrogant belief that they are above the law. You will see the connection between Hillary's current email scandal and her shredding of documents when they left the Arkansas governor's mansion. You will realize that the Clinton Foundation is the new international version of the money laundering and bribes that you glossed over as Cattlegate. You will read clear, concise, entertaining accounts that put the multitude of Clinton scandals into everyday perspective. Finally, you will be privy to the Clinton truth suppression techniques that allowed them to get away with all of it. Until now...

Book Information

Hardcover: 320 pages

Publisher: WND Books (June 7, 2016)

Language: English

ISBN-10: 1944229450

ISBN-13: 978-1944229450

Product Dimensions: 6.3 x 1.2 x 9.1 inches

Hillary the Other Woman: A Political Memoir Being the same age and from the same area as Bill Clinton, I remember hearing all the rumors, watching the conflicted reactions from the public, listening to the endless promises for a better tomorrow. HILLARY THE OTHER WOMAN is a book about much of America's soul during our lifetime. We love the image of the fictional small town, good-ole-boy who understands us, feels our pain and will speak for us. We can admire the stand-by-your-man, strong woman who will fight and defend the family. We want to believe and we forgive because boys will be boys, and we are seduced by promises and requests for forgiveness. Put preconceived opinions away as you read this Political Memoir. The Clinton world began with Billy and Dolly; Hillary enters and we are invited into the creation of today's political dynasty. Each of the three began with great promise and vast abilities, but each person had many deep flaws that became self-destructive. Time brought some changes to each, but the question facing the reader today is not about the past triangle, it is about our future. The history of HILLARY THE OTHER WOMAN would not be important except we are now being asked to "just trust me" • one more time, to look at the record and believe one more time. It is time we seriously take a look at the record, ask questions and demand why so much of the record has become smoke and "what difference does it make." • Who is the real Hillary? It's past time we required an answer and not just a self-serving comment changing the subject. Who are we in 2016?
