Greek Mythology: Classic Myths Of Ancient Greece; Featuring Zeus, Hercules, Greek Gods, Goddesses, Titans, Romans, Monsters, And Heroes

Synopsis

The Ancient Greek and Roman civilizations gave the world some of the greatest myths man has ever told. LIMITED TIME PROMOTIONAL PRICE | REGULAR PRICE \$6.99. Greek mythology began over 2000 years ago and ended roughly 1500 years ago with the rise of Christianity. They may be from a bygone era, but the classic myths of Ancient Greece and what they tell us about this fascinating period of human history are as relevant and entertaining as ever. Greek mythology is a window into the soul and psyche of what was once the world's most advanced culture – a culture that dominated the ancient world and endured for centuries. Learn the fascinating history of Ancient Greece and be entertained by the exploits of the Greek Gods, Goddesses, monsters and heroes! Here is a preview of what you will find inside this book:

- A Brief Introduction to the World of Greek Mythology
- Zeus And His Lustful Pursuit of Many Mortal Ladies – Much to the Frustration of His Wife Hera, The Goddess of Marriage And Family!
- The Story of Titanomachy (The Battle of the Titans)
- The Cult of Dionysus
- Surprisingly Frequent Acts of Adultery, Sex Without Consent, and Bestiality Involving the Ancient Greek Gods
- The Myths of Demeter, Apollo, Asclepius, Hera, Aphrodite, Athena, and many more
- The 12 Labors of Hercules
- The Trojan War
- The Myth of Perseus and Medusa
- The Minotaur vs Theseus
- The Roman Empire Conquers Judea
- The End of Ancient Greek Mythology and the Rise of Christianity

The myths that make up this – religion – may seem wild, crazy, and even sometimes outrageous and immoral by today's standards. But each and every one of the myths contained in this book were once sincerely held beliefs that bound the social fabric of the most advanced human civilization of its time. Grab your copy of this book and understand the philosophy, values and beliefs of one of the world's most fascinating civilizations.

Customer Reviews

A quick but compelling book nonetheless. I love to read any mythology book and I gotta say that Greek mythology is one of my favorite subjects to read about. It's a well-informed book so it's a good reference book when writing a paper about the Greek mythology. Had a great time reading so will give this a 5/5.

Because I love Greek Mythology, this book did not escape me. And I'm glad that I did grab this because, one again, I get to read on my favorite Gods and Goddesses. It has always amazed me to read their stories. And this book has given me that pleasure again. I think this has been well written, interest will surely rise page by page. I love the way it has narrated the Trojan War and how the author made use of strong and vivid words. Yes, this book is quite a catch.

This was one of the best books on Ancient Greek Mythology that I have ever read. I've gone through a number of texts about Greek Mythology but I always find that books on this topic are either too brief and leave out crucial details from important myths, or they are too long and they go into excruciating minutia that is neither interesting nor important for understanding the myth as the Greeks did. This book strikes the right balance. It discusses all of the most important Gods, Monsters and myths from Ancient Greek society, and it gives these myths a thorough treatment so that you really understand the myth and the characters. On the other hand, it doesn't belabor boring or unnecessary points or engage in lengthy and boring attempts at interpretation; a real problem with almost all textbooks I've encountered on the subject. If I was only going to recommend one book about Ancient Greek Mythology, I have no trouble saying it is this one. This is a great read, full of facts, and entertaining (and sometimes hilarious) stories, while always staying fast paced and interesting rather than too academic and boring. Excellent!

This book offers an excellent introduction to Greek mythology, which I found accessible and

engaging. If you have even a little interest in mythology, then this is one of the best books to start with. It is comprehensive, well written, and extremely enjoyable. It accurately explains gods, goddesses, myths, and legends. I consider this book a classic and a must-have read. Anyone who loves to read about mythology should own this book.

Greek Mythology is really such an interesting topic for me. From movies to books, nothing pass by me. I always want to make it to a point to have a hand of it. And this book is one of my victims. As I read the stories and narration, I was pleased with the way the author delivered them. For a beginner, reading greek mythology is puzzling. Someone should have a wide understanding of fiction stories. But yet, the author have made it easy for everyone. Greek myth is really entertaining for me. :)

Iâ™ve always been fond of Greek mythology, and Iâ™m always reading a lot about itâ | When I saw this book, I never had a doubt and bought it immediately. All I can say is this book is perfect! If you are just new in learning Greek mythology, then this book is the best one to know more about it. It will surely explain everything you want to learn. I swear! This oneâ™s a good book! Itâ™s super interesting. I totally love this! My new favorite book.

This book bring me back to my high school days. I am an avid Greek Literature fanatic. It provides a complete history of Greek myth, telling the story of each of the great families of heroic mythology, and the various adventures associated with the main heroes and heroines. Those stories gave meaning to the world. No matter how much time has passed, the lessons and legends told by the Ancient Greek society often have a relevant message to convey to us even today.

Greeks are renowned for its famous mythologies of its gods and goddesses. This book is a great guide for understanding the story behind each gods and goddesses of the Greeks and the great Trojan War. A fine book to read about the myths of the Greeks. Even a very entertaining and informative book to read. Learn the ancient Greece.
