The Sick Bag Song

Synopsis

From the inimitable Nick Cave comes a mesmerizing exploration of love, inspiration, and memory that chronicles his 2014 twenty-two-city American tour with the Bad Seeds. *The Sick Bag Song* began life scribbled on paper airlinesick bags during Cave's 2014 tour. It soon grew into a restless full-length contemporary odyssey. Spurred by encounters with modern-day North America, beset by longing and exhaustion, Cave teases out the significant moments, the people, the books, and the music that have influenced him. Drawing inspiration from Leonard Cohen, John Berryman, Patti Smith, Sharon Olds, folk ballads and ancient texts, *The Sick Bag Song* takes the form of a quest, turning over questions of creativity, loss, death, and romance. Both mythic and grounded in the now, it lies somewhere between *The Waste Land* and *Fear and Loathing in Las Vegas*. It is also a companion piece to the Sundance award-winning feature documentary *20,000 Days on Earth*. This beautifully packaged hardcover will be a centerpiece for any fan's library, as well as a poetic introduction for the uninitiated to the limitless imaginative universe of this living legend.

Book Information

Hardcover: 128 pages

Publisher: Houghton Mifflin Harcourt (October 25, 2016)

Customer Reviews

This book is a very clever way of writing about life on tour. It shows the excitement and the boredom that exists despite most peoples belief that it must be the most exciting thing in the world.

I am incredibly biased because i love Nick Cave, but over all it didn't really inspire me or make me feel something like Nick normally does.

Brilliant Cave!
