## Customer Reviews

Somehow the reviews of two Hal Leonard books of sheet music have been combined here... Big Book of Christmas Songs - Violin has entirely different songs and appears to be music for solo violin (melody line only). The following review pertains to Big Book of Christmas Songs (Santa on cover) for piano, vocal (or violin) and guitar. ...\*Big Book of Christmas Songs - Piano-Vocal-Guitar\* is an extensive collection which includes many of the best and most-often-sung carols, as well as quite a few lesser-known favorites not typically found in other books. There are familiar and not-so-familiar traditional Christmas songs from around the world... Welsh, English, Hungarian, Polish, German, Venezuelan, Czech, Catalanian... just to name a few! While many of us might want to skip over some of the unknown songs, it is priceless to have available Christmas music from one's own heritage. Older French members of my family remember singing "Il Est Ne, Le Divin Enfant" as children; this carol has become a highlight of our little musical gathering on Christmas night. I imagine that those songs which are unfamiliar to me are equally cherished in some other home at Christmas. They are beautiful as well and I hope to learn more of them. Even if we do not end up

using all of the selections, I'm still happy that they are there for someone else and do not feel shortchanged at all. This book has so many good carols and hard-to-find carols all in one place. I believe it is a great value.
