Rainwater

Synopsis

#1 New York Times bestselling author Sandra Brown's Rainwater, a tender historical novel set in Great Depression-era Texas, is now available unabridged for only \$14.99. The year is 1934. With the country in the stranglehold of drought and economic depression, Ella Barron runs her Texas boardinghouse with an efficiency that ensures her life will be kept in balance. She also cares for her ten-year-old son, Solly, a sweet but challenging child whose misunderstood behavior finds Ella on the receiving end of pity, derision, and suspicion. David Rainwater arrives at the house looking for lodging but Ella senses that admitting him will bring about unsettling changes. However, times are hard, so Mr. Rainwater moves in and impacts her life in ways Ella could never have foreseen. The changes are echoed by the turbulence beyond the house walls. Friends and neighbors now face financial ruin and in an effort to save their families from homelessness and hunger, are forced to make heart-rending choices. The climate of desperation creates a fertile atmosphere for racial tensions and social unrest. Conrad Ellis "privileged and spoiled and Ella's nemesis since childhood" steps into this arena of teeming hostility to exact his vengeance and demonstrate the extent of his blind hatred and unlimited cruelty. He and his gang of hoodlums come to embody the rule of law, and no one in Gilead, Texas, is safe. Particularly Ella and Solly. In this hotbed of uncertainty, Ella finds Mr. Rainwater a calming presence. Slowly, she begins to rely on his soft-spokenness, his restraint, and the steely resolve of his convictions. And on the hottest, most violent night of the summer, those principles will be put to the ultimate test.

Customer Reviews

True to her tradition of writing great books --- with over 50 bestselling titles to date --- author Sandra Brown releases another first-rate novel, RAINWATER, this time in the historical fiction genre. In the novel's background, familiar scenes from the Great Depression recall the dire situation for farmers who found themselves in the Dust Bowl of the '30s. In the foreground, a tender love story is borne out of hardship. It is in the countryside of Gilead that Ella Barron runs her boardinghouse. Families she knows are struggling, and some have become homeless. Money is tight, yet Ella works hard to keep her place full. She splits her daily time working and caring for her disabled 10-year-old son, Solly. The boy's situation is complicated as doctors aren't really sure what's wrong; his disease leaves him unable to communicate but causes an odd fixation on order. There is no cure for Solly's malady, and Ella would never consider sending him away. Her days are spent trudging forward, taking life day by day. Summertime brings change as Ella takes in a new boarder, Mr. David Rainwater. Introduced by the town doctor, it seems Ella was drawn to him from the start. Sensing a change of the tides, Ella is intent on keeping her distance. She defies her instincts until the man makes an astounding discovery about her son. One afternoon, in an effort to get to know the child better, Mr. Rainwater seeks out Solly's company. The two play simple games in solitude, and while playing dominoes, the child does something intriguing: under no direction whatsoever, he lines up dominoes in numerical order. This seems a minor achievement until one recognizes the discovery for what it is: a definite demonstration of reasoning ability in a child many presumed to have no intelligence. Mr.
