Music Research: A Handbook

Synopsis

Clear, concise, and practical, *Music Research: A Handbook, Second Edition*, introduces students to the major print and electronic research tools available today. With a strong focus on the connection between music and writing, this comprehensive guide is ideal for use in both undergraduate and graduate music courses that require students to engage in library research or to write research papers.

FEATURES Rich pedagogy (evaluation checklists, guidelines for theses, appendices on major documentation styles, Library of Congress subject headings/call numbers, annotated bibliographies, and more) Expanded overview of the research process and various methodologies Updated chapter on online music content and more integrated coverage of Internet resources Updated companion website (www.oup.com/us/musresearch) containing related links, updates to bibliographies and readings, research tools listed by composer, and lists of core music journals and major professional music associations
