# The Future Of Private Equity: Beyond The Mega Buyout

## Synopsis

The easy money that flowed through the banking system prior to 2008 fueled a boom in buy-outs. Now it is gone, how will the private equity industry reinvent itself? A series of interviews with some of the most respected and innovative firms, give rare insights to the strategies that will drive this secretive sector over the next economic cycle.

## Customer Reviews

I found this book very resourceful, especially for private equity professionals in developing and emerging countries. The author delivered perspectives from top professionals in a simple and clear manner.

I have found this book extremely thought provoking, well researched and written. As it states, a must read for anyone involved in the business of private equity.
